

THE MINISTER FOR
FOREIGN AFFAIRS

8 June 2023

Your Excellency,

This year we celebrate 55 years of diplomatic relations between Denmark and Mongolia.

Our ties date all the way back to the 1920s when Danish explorer Henning Haslund-Christensen carried out his expeditions to Mongolia that continue to inspire today.

Earlier this year, our Ambassador to Mongolia H.E. Thomas Østrup Møller handed over his credentials to your President H.E. Ukhnaagiin Khurelsukh and had very constructive dialogues with you and other members of your government regarding opportunities for further development of our good relations, to the benefit of not only Mongolia and Denmark, but the world.

Together we face a number of global challenges that can only be tackled by joint efforts. Dealing with climate change will require efforts from all. I am glad that Denmark and Mongolia share a common goal of a more green and sustainable future.

It is my hope that we can further our already strong bilateral relations on green transition and economic development in the years to come.

Yours sincerely,

Lars Løkke Rasmussen

Her Excellency
Ms. Battsetseg Batmunkh
Foreign Minister of Mongolia
